

Technology/Social Media & School-based Policing

Virtual Training Via Zoom

Thursday, November 17, 2022

9:30 – 11:00 a.m.

School-based policing coupled with technology in the hands of students always leads to the questions: “What are students using & sharing” “What are they able to do with devices” “Can I seize and look at a student’s device?”, and more given the countless and ever-changing apps students use today. How does the SRO begin to understand the use of these apps? This basic course will provide a foundation of understanding of the technology used by today’s students.

The training will provide an overview of information that can be discovered on technical devices, such as computers, tablets, and cell phones, as well as current apps being utilized by students.

Details for connecting to the Zoom virtual training will be sent to attendees by November 14, 2022.

Who Should Attend:

- School Resource Officers
- D.A.R.E Officers
- SRO Supervisors
- School Administrators

Instructor: SRO Kevin Mack, Fairfield Police Dept.

Kevin Mack has been a Police Officer with the City of Fairfield Police Department in Butler County Ohio for 21 years. He is a Mobile Device Investigator, Examiner and Analyst who specialized in criminal investigations utilizing technology. Kevin spent 13 years in special investigations working with ICAC for sex crimes against children.

Cost: Registration fee is \$51 for OSROA members and \$106 for non-members. The \$106 non-member fee includes a one-year OSROA membership. Cancellations must be made 72 business hours prior to the training date.

Mail or fax registration to: Ohio School Resource Officers Association, 6277 Riverside Drive, Dublin, OH 43017. Phone: 614-718-3210 Fax: 614-761-9509.

Training Certificates will be sent to registrants after the training.

CURRICULUM OVERVIEW

Upon completion of the training, participants will:

Have a better understanding of what a mobile device is and understand the difference between a cell phone and a smart phone

Be able to identify device operating systems that students are using today

Recognize/become familiar with Apps/social media used by students

Be aware of legal aspects associated with devices and apps

Gain resources/contacts for social media companies and policies
