

# ADOLESCENT MENTAL HEALTH IN THE EDUCATIONAL SETTING

**August 5, 2026**

**8a – 4p**

**Lakota East High School**

**6840 Lakota Ln.**

**Liberty Township, Ohio 45044**

This training is designed for **SROs, DARE Officers, School Counselors, School Nurses and School Administrators** and those who work with students in the educational environment addressing the mental health needs of students of all ages. Students are exposed to stress, anxiety, depression, and/or thoughts of suicide and these trends have grown steadily worse for more than a decade. As resources are stretched, training is critical to serve our youth and school communities.

This is a great opportunity for school-based policing and school staff to attend together and develop a better understanding and practices of handling a student in crisis. Hear from subject matter experts and mental health professionals from Cincinnati Children's Hospital.

## TRAINING OVERVIEW

- What kids are seeing/searching online and the risks out there (including the Dark Web).
- Healthy Digital Families - what parents/caregivers can do.
- Roblox and online predators.
- How to better understand the legal factors connected to handling a student in a mental health crisis
- Identifying a student in a mental health crisis.
- How to properly handle a student in a mental health crisis.
- How an SRO, school counselor and School Administrator should coordinate handling a student in a mental health crisis.
- Understanding the intake process for a student in a mental health crisis.
- Understanding the use of the *Columbia Suicide Severity Rating Scale* (C-SSRS).
- Understanding a Safety Plan for a student at home and school.
- Additional topics and some information subject to change.
